

A Watershed Solution

Tops Unlimited now features a self-draining countertop called **WaterShed®** made with DuPont Corian®. This innovative style of countertop incorporates a drainage slope which directs liquids towards the sink. Combined with a no-drip edge profile and a coved backsplash, WaterShed self-draining countertops help eliminate standing liquids.

As always, you benefit from all the unique characteristics of Corian® ... durability, nonporous, stain resistance, renewable, design flexibility, rich color and no visible seams.

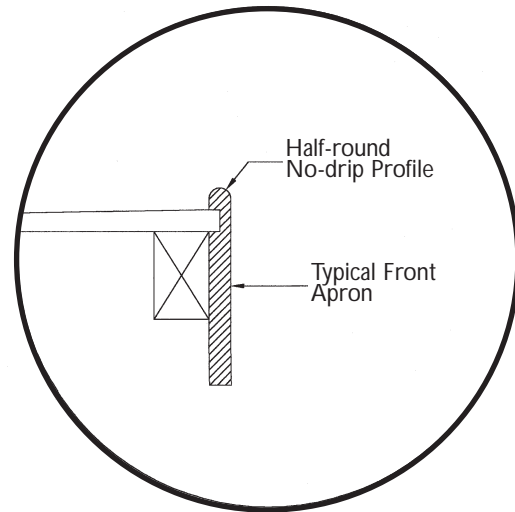

Features

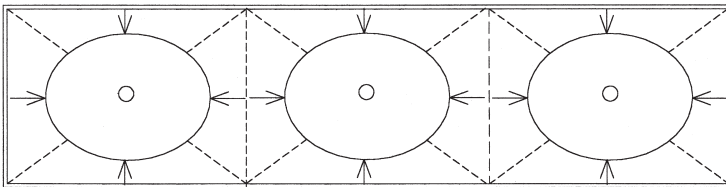

Coved Backsplash Detail

The coved backsplash is an integral part of the countertop which provides a water tight barrier. The sloping deck made with Corian® directs water toward the drain.

No-Drip Edge Detail

The no-drip edge profile keeps water from spilling onto the floor. Water is then directed into the sink via the drainage slope.

Multiple Bowl Configuration

The **WaterShed®** countertop is available in single and multiple bowl configurations. Water is always directed towards the sink.

Continued on back

Corian® is a DuPont registered trademark for its surfacing material.

WaterShed® is a registered trademark of Tops Unlimited, Inc.

Benefits

- **Hygienic:**
WaterShed® countertops direct liquids toward the sink from all directions—reducing the opportunity for fungi, mildew and bacteria to thrive. Joints are unobtrusive, impermeable and seamless to the touch.
- **Ease of Maintenance:**
WaterShed® countertops are easy to clean. Everyday stains clean up with just soapy water and cleanser. Corian® resists stains because liquids can't penetrate. Liquids are kept off the floor reducing safety hazards.
- **Conveniently Located:**
WaterShed® Self-Draining countertops are fabricated in the St. Louis area. Most projects can be shipped on our fleet of trucks which eliminates costly crating charges.
- **Other Benefits of Corian® Include:**
 - Class I flammability rating
 - NSF compliance
 - Durability
 - Rich color selections
 - Design flexibility
 - Sinks can become an integral part of the countertop
 - Edges can be softened to rounded

Sizes

- Tops Unlimited will manufacture any WaterShed® Self-Draining countertop to your exact specifications.

Colors

- WaterShed® countertops are available in all Corian® colors. Colors can be mixed and matched to accommodate your design.

Styles and Finishes

- Tops Unlimited can fabricate any design features you require for WaterShed® countertops. All countertops include a no-drip front edge profile and a covered backsplash unless otherwise specified. The standard finish is semi-gloss. High-gloss finish is also available.

Installation

- WaterShed® counter tops can be either wall-hung or mounted to base cabinets.

Warranty

- DuPont warrants all Corian® products to be free from material defects for a period of 10-years. If failure occurs due to any manufacturing defects, DuPont will pay both labor and material costs to repair or replace the defective material. Refer to the DuPont Corian® 10-Year Product Warranty for details.

Customer Order Information

- All orders are manufactured by Tops Unlimited, Inc. to meet your specific requirements. Tops Unlimited will generate a drawing for your approval prior to fabrication.

Tops Unlimited, Inc. typically requires 2-3 weeks lead time for fabrication depending on the scope of the project.
